Education

Freehold Township High School – Freehold, NJ Expected graduation June 2025, GPA 4.6714

University - I have plans to go to college, I don't know what school, but I want to explore the computer science field.

Experience

CTE Web Design Pathway Program – This is a program at Freehold Township High School, it is a web design, 4 year class that teaches how to design successful websites.

In Honors classes – I have completed several classes that were honors level, this means that they are slightly elevated so that you come closest to your potential in highschool.

Athletics - I played on Freehold Township's freshman and JV Basketball teams.

Skills

Tools - HTML, CSS, Bootstrap, Photoshop, and Adobe Illustrator

Athletics - I have learned potentially important life lessons, like how hard work is necessary to improve. The days you really don't want to do something, are the days you need to do it. Being successful is all about dedication.

Leadership

School Projects - I have led many school projects and they tend to go pretty smoothly, I would consider myself more proficient as a worker, but I am competent at leadership.
